LETTER OF DEFICIENCY #WSEB 04-053
CERTIFIED MAIL 7000 0600 0023 9933 8071

Beverly Elliot
Silver Bell Coop
6 Silver Bell
Rochester, NH 03868

Subject: Rochester - Public Water System: Silver Bell Mobile Home Park (EPA #2003080)

Dear Ms. Elliot:

The records of the Department of Environmental Services (DES) show that the Silver Bell Mobile Home Park water system is classified as a public water system (PWS), as defined by RSA 485:1-a. A PWS is defined as any water system supplying 15 or more services, or 25 or more people, for 60 or more days per year. As such, the water system owner is required to submit samples to the State laboratory or a State-certified laboratory for coliform bacteria analysis in compliance with NH Admin. Rule Env-Ws 325.

DES records show that the subject water system failed to submit a bacteria sample and as a result a Monitoring/Report (M/R) violation was issued for the month of **December 2003**. A copy of Notice of Violation (NOV) dated January 23, 2004, is enclosed.

Pursuant to Env-Ws 351, owners of public water systems are required to issue public notification when a system has failed to monitor for bacteriological water quality. As a result of the failure to perform public notification for the **December 2003** M/R violation, NOV dated March 18, 2004, was sent to you (copy enclosed). The NOV requested that you issue public notification within 30 days of learning of the M/R violation and submit copies to DES immediately. To date, no proofs of public notice have been received by DES, thus placing the water system in violation of Env-Ws 351.01.

In view of the public notice violation, DES believes the deficiencies can be corrected, and future violations prevented, by taking the following actions:

- By April 30, 2004**, carry out the public notice requirements for the December 2003 sampling violation; and
2. **By May 7, 2004**, provide proof of public notice to DES.

Letter of Deficiency #WSEB 04-053
Silver Bell Mobile Home Park

Page 2 of 2

If you have already done the public notice, then please forward it Barbara Thoits at the address listed on the form immediately.

In the event compliance is not achieved within the above set forth time period, DES may take further enforcement action, including issuing an order requiring the deficiencies be corrected, initiating an administrative fine proceeding and/or referring the matter to the NH Department of Justice for imposition of appropriate penalties.

Please continue to submit water samples according to the water system's Master Sampling Schedule enclosed.

Please contact Anne Bailey by phone at (603) 271-0672 or by e-mail at abailey@des.state.nh.us if you have any questions regarding this letter.

Sincerely,

COPY
